

Pocket LOOX T Series Always in touch with your business

Issue July 2006

Pages 2

The new Pocket LOOX T Series is the first all integrated handheld from Fujitsu Siemens Computers. It combines an excellent GSM/UMTS mobile phone with an innovative and powerful handheld and a complete navigation system.

Now you get all you need for your mobile business in one handheld – WLAN, Bluetooth, and more.

Enjoy the brilliant TFT display, the excellent QWERTY keyboard and the outstanding Email push and messaging solution.

Use a wide range of standard office applications, courtesy of Microsoft® Windows Mobile™ 5.0 Phone Edition. And that's not all. The integrated SiRFstar III GPS module will bring you to every destination – stress free.

Smart people on the move will appreciate the integrated VGA camera¹⁾ for video telephony and the 2 Megapixel camera¹⁾ with auto focus for impressive pictures.
